

POMONA INVESTMENT FUND MARKS 5-YEAR ANNIVERSARY

New York, London, Hong Kong – May 7, 2020 – Pomona Capital, a global private equity firm specializing in secondaries investing, announced today that Pomona Investment Fund (PIF) has reached its 5-year anniversary with approximately \$200 million in assets under management as of December 31, 2019. Since inception, PIF’s Class A shares have delivered a net return of 10.15% to investors.

Launched in 2015, PIF is a registered investment vehicle designed to offer accredited investors broad exposure to a portfolio of private equity investments managed by experienced general partners.

The majority of PIF’s investments are expected to be secondary interests in seasoned private equity funds, with a supplementary focus on primary and direct commitments. Similar to Pomona’s institutional fund offerings, the fund’s strategy seeks to acquire high quality, mature assets with identifiable near-term liquidity and downside protection at compelling prices.

Pomona Capital is one of the earliest pioneers in the secondary private equity investing space. With over 25 years of experience providing efficient liquidity solutions for investors, the senior investment team at Pomona has an average tenure of 15 years together. With offices around the world, Pomona engages with investors and assets on a global scale.

“We are pleased to recognize an important milestone for the Pomona Investment Fund this year,” said Michael Granoff, chief executive officer, Pomona Capital. “We believe that the Fund offers retail investors the opportunity to invest in private equity in a risk conscious strategy just like the most sophisticated institutional investors around the world. Pomona adapted the traditional institutional fund structure in an innovative way to meet the needs of individual investors, and we look forward to continued growth in the years ahead.”
